WARRANTY SUMMARY

Tiles & Surfaces

This is a plain-English summary of the warranty cover on your tiles. It is a guide only, the full warranty is provided and held by the supplier.

01

What is covered

- Tiles are warranted against manufacturing defects in materials and workmanship.
- Cover applies to first-quality tiles used in a suitable application.
- Any defect must be raised before the tiles are laid.

02

Before installation

Always check tiles for shade, size, finish and faults before laying. Once tiles are installed they are considered accepted, and claims for visible faults can no longer be made.

03

Natural variation

- Shade, tone, size and texture variation is a natural feature of fired tiles, not a defect.
- Blending tiles across boxes is the correct way to manage it.
- Keep your batch details and a few spare tiles.

04

What is not covered

Typical exclusions

Faults visible before laying but installed anyway, incorrect installation or preparation, unsuitable use or slip application, and general wear, scratching or staining after installation.

05

Making a claim

- Contact OnWood Tiles with your proof of purchase and batch details.
- We will guide you through the supplier's claim process.

IMPORTANT

This is a guide only. The warranty is provided and held by the supplier/manufacturer. For a full copy of the warranty, please contact OnWood Tiles.

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.
